What Success Looks Like, Part Two: Private Sector

In the last session of the day (Aug 22) we shift focus from the success of individual end-users, to the private sector. In this session *(What Success Looks Like, Part Two: Private Sector)* Energy Service Companies share examples of successful and innovative ESCO programs and services offered to customers to improve energy and water efficiency.

Erica Velarde, State of New Mexico, General Services Department, moderates this session. Presenters include:

- Leslie Larocque, Regional Director, McKinstry: "Enhancing Performance Contracting through Behavior Engagement and Sustainable Operations"
- Lisa Brown, JCI Smart Cities North America, Johnson Controls
- Geri Kantor, Director, Distributed Energy Resources Project Development, Amesco: "Solar PV in Energy Performance Contracts"

Conference Logistics: Transportation

**Lightrail:** The most cost effective option for transportation from the airport to the hotel is the RTD Lightrail. It picks-up right in the airport terminal and drops off at Union Station which is a short distance from the hotel. The cost one way is $9. Other options include:

- **Uber or Lyfts** are also another option and range from $35 - $40 one way.
- **Taxis** are also available and they typically run for about $55 - $65 one way.

**Onsite parking:** Conference attendees can park at The Curtis for a discounted rate of $10.
Conference Registration remains open and sponsorship opportunities are still available.

Thank You Bronze Sponsor: SLS Energy Solutions

SLS Energy Solutions delivers custom turnkey solutions for energy-efficient lighting upgrades. With our unmatched expertise and full-service solutions, we are uniquely qualified to manage large projects across North America. We offer a single point of contact to survey existing systems, perform energy audits, design lighting and control system upgrades, integrate with building management systems, complete installations, and optimize rebates. SLS is committed to helping your business reduce energy and maintenance costs, along with minimizing environmental impact.
The Energy Services Coalition is pleased to have the support of the exhibitors in our Virtual Trade Show. As a coalition of public and private energy professionals we do not endorse or promote any private sector product or solution.
